

CAR POOL LINE ONLY

Drop off and pick up will be via ‘carpool line’ on our usual carpool roundabout. Parking and walk-ins ARE NOT ALLOWED. If there is a line, please wait and pull over to the side so thru traffic can pass. To avoid traffic build up, move your car all the way up until the end of the lane, allowing for space for 3 cars at a time. The IJP staff are unable to buckle your child in to your car. You will need to step out, buckle them and help them in the car. Please wear a mask during carpool times. During pick up and drop off, staff will always be wearing gloves and masks .

DROP OFF AND PICK UP TIMES NEW DROP OFF TIMES

Once all of our students are fully registered, and we have an exact headcount for each group, we will post the drop off/pick up schedule. Please keep in mind that this is done to ensure quick drop offs and we will need you to stick to their time slot. If you do arrive in another time, you will be asked to wait on the side until all the designated cars in that time slot are completed. The week of June 8 we will NOT have a staggered drop off and pick up schedule. Drop off is from 8:55-9:05.

MODIFIED ENTRY AND ACCESS TO IJP

All persons except the following will be prohibited from accessing our building: operation staff, law enforcement officers, Child Care Licensing staff, and Department of Children and Families protective services staff; professionals providing services to children; children enrolled at the operation. Parents will not be allowed in the building. All permitted staff will be rescreened daily before entering the building.

CHILD SCREENING

At any point, if any immediate family members contract COVID-19, the child will be required to stay home until the immediate family member is quarantined for fourteen days, and free of Covid and the child does not exhibit any symptoms for fourteen days. The IJP must be informed and we in turn must notify the BFTS. We ask that Grandparents or anyone with underlying medical conditions NOT be allowed to drop off or pick up your child as this is a risk to their health. You will need to wait while we screen your child. It will be done quickly yet efficiently. Please do your own screening at home before sending your child to school. Be sure they don’t have fever, runny nose, cough, diarrhea or any of the illnesses listed in our parent handbook, and do not medicate your child before sending to school. We will take your child’s temperature and check for any signs of illness. We will ask you basic questions about your child’s and family’s health. We reserve the right to ask you to keep your child home if other siblings are exhibiting illnesses. Once deemed safe to join, we will give you the OK and your child will be escorted to class by one of our staff members. The children will wash their hands before entering the class, monitored by a staff member.
